

**FOR IMMEDIATE RELEASE**

**NFPA Stands Against Hate towards AAPI Community**

*April 2, 2021*

The National Federation of Paralegal Associations (NFPA) decries the senseless, baseless, and racist attacks on the Asian American Pacific Islander (AAPI) community. Hatred of any type controverts the American ideals of liberty and justice for all. The AAPI community has a long and rich history of supporting these principles. The deliberate targeting of one's ethnicity or race is abhorrent and unacceptable. NFPA stands in solidarity with the AAPI community and against racism and ethnic bias.
